1. The following is an examiner's statement of reasons for allowance: the limitation of a non-bonded staple fiber web layer joined to a multi-layer elastic film with skin layers where the skin layers comprise a bonding agent in combination with the other limitations in independent claims 1, 31 and 34 distinguish over the cited prior art. As a matter of claim construction, the examiner relies on the definition of "non-bonded staple fiber web" given on page 11 of the specification. The examiner notes that McCormack et al. (U.S. 6,309,736 B1) teaches a multi-layer elastic laminate with nonwoven webs that are bonded before formation of the final composite (and are thus not "non-bonded"), and also bonded to the outer surfaces of the elastic laminate, whose skin layers may contain a bonding agent (abstract, col. 6, lines 20-col. 7, line 20, col. 5, lines 25-35). There is no motivation to use the elastic film of McCormack et al. in the composite of Srinivasan et al. (U.S. 5,851,935) as Srinivasan et al. melts both the fiber layer and the film layer to achieve bonding and the desired aperture structure, and therefore does not need a bonding agent in the skin layers. There is no motivation to use the elastic film of McCormack et al. as the elastic layer of Quantrille et al. (U.S. 5,431,991) as Quantrille et al. uses a fibrous elastic layer

which has a different elastic property depending on direction and thus teaches away from substitution of a film layer that has uniform properties in all directions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to William P. Watkins III whose telephone number is 571-272-1503. The examiner works an increased flex time schedule, but can normally be reached Monday through Friday, 11:30 A.M. through 8:00 P.M. Eastern Time.
